This beautiful home has been updated throughout and is move-in ready! You'll love the mountain views from the back porch as you drink your morning coffee! The light filled great room/eat in dining area features hardwood floors and a natural gas fireplace. The sunny eat in kitchen with stainless appliances, freshly painted cabinets and quartz countertops is a chef's dream. The main level owner's suite features hardwoods in the bedroom and in the bath enjoy the new vanity, and walk in shower. Upstairs two bedrooms share a full bathroom. The finished walk-out basement with recessed LED lighting and Pergo hardwood flooring is configured with a large living area, an office (or bedroom) with ethernet connection and finished storage that could be remodeled as a fourth bathroom. In addition, there is an unfinished storage area with built-in shelves. Second garage on the basement level also has built-in shelves. This house has it all!
